

**GARDEN
MAINTENANCE**

Fee Information

November 2025

Mallee Garden Care Team

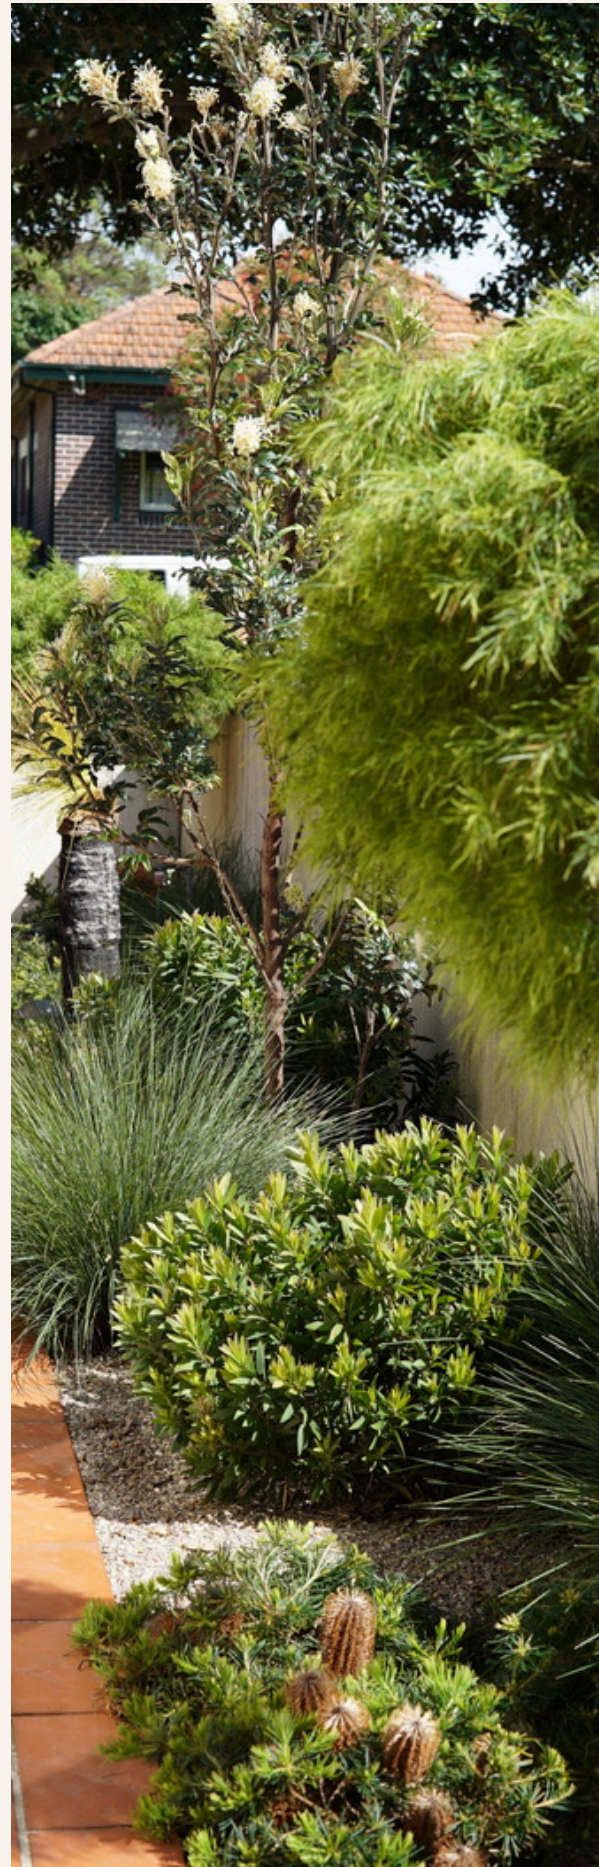

To Start:

We begin with a site visit from Kath, charged at **\$195/hr**, to develop a tailored garden-maintenance program. This visit helps establish a schedule of works, select plant replacements, and estimate required manhours.

What We Do:

We will advise on and are offering monthly, quarterly or annual garden programs that include the following:

- Pruning & shaping of trees, shrubs and hedges.
- Weeding & edging to maintain clean garden lines.
- Mulching & fertilising to support strong, healthy plant growth.
- Plant replacement to refresh and improve garden areas.
- Pest & disease management to protect plant health.
- Gravel/granite top-ups to maintain paths and feature areas.
- Green waste removal for a clean, tidy finish.
- General tidy-ups and detailed garden care.

MAINTENANCE PROGRAM FEES:

Ongoing maintenance work is charged at **\$85/hr per person, with a minimum booking of 3 hours.**

This ensures we have ample time to complete tasks to a high standard and maintain consistency in your garden's presentation.

EXTRAS

Additional materials and services may be required depending on your garden's needs. These are charged separately and may include:

- Fertilising
- Herbicide
- Mulch
- Gravel/granite top ups
- Waste disposal (\$30 per 300L bag)
